Hello, my name is Bryan Jackson - AKA *#ThePreacherman*. My wife Tina and I are the Founders of Vertical Adrenaline Motocross Ministries, a 501(c)(3) non-profit. I am a Multi-World Record Holder by both OWR and Guinness, and a Former Multi-Time World & USA Motocross Champion. We live in Eastland Texas and travel the country together doing re-enactments from my (5) World Records, along with an incredible story of 100 Years on Motorcycles in our family. Our show is very unique using rarely seen patriotic wheelie and fire performances with one-of-a-kind stunts units. Another rare and uniqueness to our shows is that we share our Gospel based testimony throughout the show on how being Christ centered has provided the platform for these incredible accolades. We have invested over \$100,000 in our show that includes an LED wall and many beautiful special effects. The night show is naturally most epic and is generally the longer of our show offerings, being 20 to 90 minutes. The entirety of every show is non-stop with high impact music video storylines and matching effects.

Thank you for your time and interest,
Bryan and Tina Jackson

Bryan is a non-denominational Pastor and licensed FCA Chaplain that travels the country doing shows as a platform to captivate and inspire people to pursue Jesus Christ. His performances and travels have been covered on ABC, NBC, MAV TV, Fox News as well as in 2 documentary movies, "Ultimate Adrenaline" and "Adrenaline with The Preacherman". OUTDOOR PERFORMANCE

A full stunt show performance will require approximately **75' x 100'**. We do not require power but if a 30-amp circuit is available, that will run our entire show. We require a minimum of 4 hours to setup and 2 hours for tear down. We prefer asphalt or concrete to do the show on, but dirt and grass can work. And we normally stay in our van on location.

INDOOR PERFORMANCE

All indoor shows are the same requirements as outdoor. In arenas we do request a way to lightly water the surface. We required 12' tall doors to pull through and any performance hall or conjoined arenas must have 48" wide doors for some of the stunt units to fit through.
